

Discontinuation of Housing for Old HEDCON MODEL

- | | | |
|-------------------|--|--|
| 1. Subject Models | HEDCON WORM GEAR REDUCER size 100 – 175 will be discontinued. However, models with repeating customers (with 20 units/year or more) are excluded. Excluded models consist of model sizes 63-80, A100-A175, A200-A250, 200-250 and 280-400. | |
| 2. Background | Housing for size 100-175 was changed from specific housing (old type housing) to universal housing in 1993
Old type housing was not discontinued in spite of original plan which resulted in co-existence of both new and old type housing.
We are now formally announcing the discontinuation of old housing model. | |
| 3. Schedule | Until March 31, 2004 | Individual quotation for each case
(Already Differs with price and delivery on the current price list) |
| | April 1, 2004 | Production discontinuation
Models not subject to termination will require individual quotations
(price and delivery will change) |
| 4. Reference | Installation dimensions of old housing and universal housing is different | |
